THE magnificent new Hotel Manhattan, on the corner of Madison Avenue and 42d Street (one block from Grand Central Railroad Station) will be particularly popular with ladies on account of its convenient location. The main entrances will be located on the 42d Street front, with a private entrance for ladies on Madison Avenue. A dainty reception-room, separate elevator, parlors and every requisite will be provided for the exclusive use of ladies. Erected on solid rock foundations, this model hotel is absolutely fireproof and practically indestructible. Large wide corridors afford light and perfect ventilation. Modern appliances control the

heat in every room, avoiding overheating in moderately cold weather. For shopping, the opera, theatres, churches, art galleries, museums and all points of interest the location of the hotel is unsurpassed. Upon application, we will be glad to send our handsome hotel book, with a copy of the floor diagram.

Baggage will be transferred to and from the Grand Central Station without charge.
